## Presidents Message February 2022

Happy Chinese New Year – the year of the Tiger.

Perhaps he will chase the pandemic away!

At last month's Lodge meeting we were supposed to hold installation of officers, but as three important members of the board were not present, we decided to postpone the installation until next month. **Please mark your calendars for the February 9th Lodge meeting.** We would like all officers to be present. Remember you can always find the link to our Lodge meetings on the first page of our website as well as the first page of our newsletters. Besides installing the officers in a very quick service we will listen to music from Kris and learn more about Valentine's Day and generally socialize. It worked well at our January meeting.

We did have 11 participants at the January meeting! That included Bob Steed from Bothell Lodge. Roberta introduced us to the Norwegian "Hygge Game" from Norway. She read off questions and participants answered providing lively conversation and good memories. Some of the questions included:

What was the best decade of your life to now?

What is the best thing and worst thing about where you live now?

What is the best and most modern country in the world? (Norway, Iceland, and Finland were mentioned)

What product from today will still be in use in 500 years?

Fun things to think about. Thank you Roberta - that was most enjoyable.

We, at Edmonds Lodge, continue to have our meetings by ZOOM. And we have no immediate plans to resume our pancake breakfasts. There is just still too much spreading of the COVID-19 virus. Social distancing and restricting social gatherings continue. For those of you with your vaccines and boosters more activities are opening up, but for those of us that did not tolerate the vaccine, we are staying very isolated yet. And your president is one of those people. So I hope that those of you who can get your boosters do and that the scientist working on other solutions do find ones that will work for us. Children are going back to schools, which is probably a good place for them as long as everyone is vaccinated and masked. My neighbor's daughter headed back down to California for her college, only to find out when she arrived that they had suddenly gone back to virtual. Probably a combination of in-person and virtual will be more the norm in the future.

However they do it, it is time for our graduating High Schoolers to think about their further education and our Edmonds Lodge Scholarships. The application forms are on our webpage and need to be postmarked by April 15<sup>th</sup> and sent to our post office address at the top of the newsletter. Last year we awarded three scholarships. See page 5 for more information about this and page 11 for the application form.

I hope to see you on our Februaary 9<sup>th</sup> Lodge meeting. I enjoy hearing what others in the Lodge are doing!

Lincoln (12<sup>th</sup>) and Washington (22<sup>nd</sup>) celebrated on the 21<sup>st</sup>! Kong Harald V Feb 21<sup>st</sup>!

Welcome to our new members - The Rosman family in Brier WA: Karl, Valerie, Kai, and Laszlo! Two of which are in our February birthday list!

Thoughts from your **Sunshine Chairman**:

There are a lot of things to get excited about in February. Whether you think of it as the month of love or

whether you see it as the 2<sup>nd</sup> chance of making your year beautiful, make the most of February because it comes and disappears in no time.

I have decided my 2022 start again on February the first....January was just a trial month.

I also say Welcome February, wishing you a month filled with love, peace and joy.

Sing hurrah to February!

#### Edmonds Lodge

Edmonds Lodge was organized October 8, 1983. So we will be 1 year short of our 40<sup>th</sup> anniversary this year. Time to start thinking how we will celebrate. Hopefully in person with a big party! We still have space at the Masonic Center on Dayton St. in Edmonds. You may hear them refer to themselves now as the "The Old Edmonds Opera House & Masonic Center". But we deal with the same management for our contract. Normally, besides our monthly meetings, we hold our three pancake breakfasts/year there. It has been a favorite activity of the

community. Hopefully we can start up again soon. We normally hold them the first Saturday of March, May, and October. We will not be having one in March, but is May a possibility? If so, we will need a lot of new volunteers to pitch in as many of our old timers who did so much to makes sure these events were a success have either left us or are no longer physically able. We always have help from Bothell Lodge and they have been asking when we might start up. Bothell Lodge has been putting on a drive-thru pancake breakfast during the pandemic, and we have had several volunteers from our Lodge helping them.

During these past two years, we have also lost many **Board Officers** for various reason and have not picked up any new officers. If you look at the list of Officers on page 3, you will see many empty positions. **To be fully functioning we will need to fill these positions.** Especially needed right now is a new Treasurer. While Phil Kollen did vallently take the position last year, he found that the positions needs to have more computer skills than he is comfortable with. So we are looking for someone with both financial and computer skills to fill this position.

Another thing Edmond's Lodge is known for is our fantastic float in the 17. Mai and the 4<sup>th</sup> of July parades! Thor, originally known as Fang, was built and maintained by Al Vadset and Bob Turcott. When they retired from this activity, noting that **Thor** had served many good years but was now in dire need of repair

if it was to be seen in another parade, Xander Siqveland valiantly stepped forward to head the repair work, working it into his Eagle Scout project. There is only minor work, mainly cosmetic, that needs doing now. A few more work parties and then 17. Mai here we come! Look for work parties organized by Kirk Siqveland later this year as weather gets better.

And in June we look forward to our annual **summer picnic at Lake Joy**. We even managed to hold it this last summer as it was outside and tables were spaced allowing for social distancing for those that wished. By then we all had our first round of vaccines.

Edmonds Lodge grants **Scholarships** to our young members graduating from highschool and pursuing further education at a college or university. In 2020 we did not grant any scholarships due to the pandemic, so in 2021 we opened the scholarships to those graduating both in 2020 and 2021. We received three applications and all three received \$1,000 grants towards tuition or books. Lily and Kaleb Anderson (grandchildren of former member Harald Anderson) are both attending Bellevue College and Ashley Carlson (granddaughter of Al & Baarb Vadset) is attending PLU. We are again accepting applications for students graduating this year; applications are due by April 15<sup>th</sup>. The Application form can be downloaded from our Website: <a href="www.edmondssonsofnorway.org">www.edmondssonsofnorway.org</a>. Or go to page 11 of this newsletter.

It is great to be a member of Edmonds Lodge!

## What about your own finances!

Sons of Norway was established to help its members now and in the future. One of the ways the organization does this is by providing quality financial products. At times of financial concern, and uncertainty as we have been experiencing the past couple years, these products are a perfect addition to anyone's portfolio. One of these services is a quaranteed fixed annuity. An annuity is a widely used, long standing tool to give long-term quarantees. If you have or want to have Social Security someday, then you want an annuity. Social Security is a pension, an annuity. The term "Fixed" referrers to the long-term interest rate that the plan will provide. Most of us know or have used a Certificate of Deposit (CD) from our bank or credit union. Very similar to a CD, a fixed annuity pays out a quaranteed interest rate each year for the term of your annuity plan. Unlike a CD, the money earned in interest is deferred until the end of the term...thus saving you taxes and growth over time. Sons of Norway Annuities are about 3x the interest of what bank CS's pay out. Those two features make them a great buy right now! Kind of Cool? I think so, and not iust because it is winter.

Another great tool to look into is iBonds offered by the US Treasury Department. The Treasury has a very good introductory rate of over 7%! That is great! Yes, there are limits, more limits than a CD or Sons of Norway Annuity. These Treasury iBonds are limited to \$5,000 or \$10,000 per person. And to get the most out of them-they need 5 years to vest. You may want to do the larger dollar amount into a Sons of Norway Annuity and \$10,000 into the iBond. Check with your dedicated Sons of Norway Financial Benefits Counselor to find the right fit for you.

#### Recipe of the Month

#### Warm Up Your February with Norwegian Baked Goods

You may have not realized it, but February is "National Bake for Family Fun Month." This makes for a perfect opportunity to try great Scandinavian recipes with your loved ones. The Scandinavian countries have a strong tradition of baking, giving you more than enough recipes. From sweet to savory you will find the perfect recipe for all

February also happens to be National Heart Month, making it an opportune time to kickstart a heart healthy diet. Norwegian baked good tend to be a bit more focused on flavor than health, but you can still find a few that are heart friendly. Opt for healthier options like traditional lefse (going easy on the butter, sugar and cinnamon). A good rule of thumb, is to remember enjoying these dishes in moderation will go a long way keeping your heart healthy.

#### Norwegian Fjellbrød

1 cup plus 2 tbsp whole milk

2 ¼ tsp dry yeast

1 cup rye flour

1 tbsp light brown sugar

3 tbsp pumpkin seeds

3 tbsp flaxseeds

1 cup plus 2 tbsp lukewarm water

3 cups whole-wheat flour

¼ cup rolled oats

1 ½ tsp salt

3 tbsp sunflower seeds

Heat milk in a pan until lukewarm. Add warmed milk, lukewarm water and yeast to a mixing bowl. Leave 10 minutes.

In another bowl combine remaining dry ingredients and seeds and lightly mix. Add liquid yeast mixture to bowl of dry ingredients and mix. Dough will be very sticky. Scrape mixed dough onto well floured counter and form into a rough loaf shape. Add loaf to buttered loaf pan. Top with extra seeds as desired.

Bake 350° on center rack for 1 hour. Test for doneness by inserting toothpick.

And did you watch the weather report from Phil?

This year marks the 136th Groundhog Day to be celebrated at Gobbler's Knob in Punxsutawney, Pennsylvania.

And . . .

Punxsutawney Phil did see his shadow! 6 more weeks of winter!

Get out there and ski (see page 9)

#### February in Norway

Not surprisingly, February is one of the coldest months of Norway's calendar year where **temperatures range within the 20-30 degree Fahrenheit range**—especially if you're in Oslo, central Norway, or anywhere in the north.

The Sámi National Day is an ethnic national day for the Sámi people that falls on February 6, the date when the first Sámi congress was held in 1917 in Trondheim, Norway. Wearing national garment, attending concerts and culture events, eating national food, displaying flags. The Sami are an indigenous people who inhabit Sápmi, their preferred name for Lapland, and adjacent areas of northern Norway, Sweden, and Finland as well as the Kola Peninsula of Russia. They are speakers of the Sami languages, which are endangered. Sami reindeer herders, small farmers, hunters, fishermen and gatherers traditionally use these lands. Around 50-65,000 live in Norway, between 1.06% and 1.38% of the total Norwegian population of approximately 4.7 million. 2020 pop 5.38 million Sweden 10.35, Denmark 5.83, Iceland 663 thousand. The Saami People's Day is a national day for the entire Saami population in Norway, Finland, Sweden and Russia.

#### Valentines Day in Norway

Valentine's Day (Valentinsdagen), also called All Hearts Day (Alle Hjerters Dag), in Norway is a celebration of love and romance.

Strongly weaved into the cultural web of Norway is the celebration of Valentine's Day, so much so the date has become a very important part of the social calendar of the country. People wait in anticipation for 14<sup>th</sup> of February to arrive and this is particularly true for the younger generation. Valentines celebration in Norway has become interlinked with the spring celebrations over the years. A number of myths and legends have been associated with the celebration of the festival, making way to different types of customs and rituals. Earlier, the Norwegians had this common belief that it was the day when the members of the avian species mated, in order to procreate and give birth to their offspring. Hence, the day is regarded as an auspicious occasion for lovers to express their deep-set emotions for one another.

Every region has its own typical way of celebrating that is unique only to that area. Special preparations start months ahead and to a large extent, is facilitated by gift stores and shopping malls. Greeting cards, Valentine decors and chocolate are favorites. One of the most popular ways adopted by Norwegians, to celebrate Valentine's Day, is to take their partner out on a special date, which involves an elusive romantic dinner for two accompanied by a red rose and romantic card. This is also an ideal date to "tie the knot". The adults observe this occasion as a sign of their years of togetherness and their unfading trust and love for one another.
